MDCCCLVIII.

# CHEMICAL SOCIETY,

FOUNDED IN FEBRUARY, 1841; INCORPORATED BY ROYAL  
CHARTER, 1848.

THE Meetings of the Society, for the reading and discussion of scientific papers, are held on the first and third Thursdays of every month, from November to June inclusive, excepting that in January there is only one Meeting, on the third Thursday of the month. The Chair is taken at eight o'clock precisely.

An Annual General Meeting is held on the 30th day of March (or if that day fall upon Sunday, on the 31st) at eight o'clock P.M., for the Election of Officers for the year ensuing, and for receiving the Report of the Council on the state of the Society.

Fellows of the Society have the right to be present, and to vote at all Meetings of the Society; to introduce two visitors to the ordinary Meetings; and to receive the Transactions published during the period of their continuing Fellows. They are also entitled to the use of the instruments and books in the Society's collection, under such restrictions as the Council shall deem necessary.

Candidates for admission into the Society are proposed according to a form of recommendation, which may be obtained from the Secretaries. The recommendation must be signed by three Fellows, to one at least of whom the candidate shall be personally known; and such certificate is to be read and suspended in the Society's rooms for three ordinary Meetings before proceeding to ballot for the election.
